Cementaro

The special beauty of CEMENTRO collection is created by a combination of cement surface and natural stone. Smooth and elegant materials of terrazzo combined with the rough surface of cement bring a timeless classical breath which applied quite a lot in interior design such as cafes, restaurants and residential spaces following the unique style of the owners.

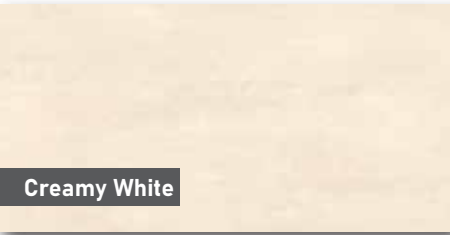

INDUSTRIAL DESIGN STYLE IS DERIVED FROM THE INDUSTRIAL FACTORIES IN THE PREVIOUS PERIODS. WITH THE ROUGH, ANCIENT AND DUSTY BRINGING MODERN URBAN BREATH, THIS STYLE IS BECOMING A POPULAR TREND. CATCHING THIS TREND, CEMENTO COLLECTION REGENERATES CEMENT SURFACE WITH HIGH AESTHETICS LEVEL, CREATING MODERNITY AND PERSONALITY BUT NOT SACRIFYING THE LUXURY. THE COLLECTION IS NOT ONLY SUITABLE FOR APPLICATIONS IN INTERIOR SPACES SUCH AS BEDROOMS, BATHROOMS, KITCHENS, STAIRS, ... BUT ALSO IDEAL FOR EXTERIOR APPLICATIONS SUCH AS CORRIDORS, WALKWAYS, SWIMMING POOLS, WALL TILES.
